

# Welcome to our 28<sup>th</sup> Annual

**Thursday, January 11, 2024**

Thank you to our host  
and sponsor!

*Technology is not only changing our lives, but also revolutionizing human health. By uniting transformational technology and cutting-edge science, Pfizer is pioneering biopharmaceutical innovations that not only treat difficult diseases—but can cure or prevent them. Every day, Pfizer is working to discover breakthroughs that change patients' lives and opening new worlds of medical possibilities. We're applying equal intelligence and passion to help ensure these treatments and therapies are accessible to all. Pfizer is amplifying the power of science and technology, daring more courageously and inquiring more deeply to make what was once unimaginable a reality.*
