

Hospitals and Surgery Centers in Florida Named Top Hospitals and Top ASCs by The Leapfrog Group

Orlando, Florida, December 17 - The Leapfrog Group announced 18 hospitals in Florida that have been named on their 2024 list of Top Hospitals, and 13 ambulatory surgery centers in Florida that have been named to their list of Top Ambulatory Surgery Centers (ASCs). These awards honor top hospitals and ASCs on patient safety and quality. The winning facilities will be officially recognized as part of Leapfrog's 2024 Annual Meeting and Awards Dinner.

"By meeting Leapfrog's stringent standards for excellence, hospitals and ASCs like this year's 28 award winners in Florida deliver high quality care in their communities and show they truly put patients first," said Leah Binder, President and CEO of The Leapfrog Group. "We honor these award winners, and all the hospitals and ASCs that voluntarily report their quality and safety performance to the community through Leapfrog."

The Top Hospital award categories are teaching, general, rural and children's hospitals that publicly report their performance through the Leapfrog Hospital Survey and meet the high standards defined in the Top Hospitals methodology. The data reported includes infection rates, maternity care, and a hospital's ability to prevent medication errors, among other standards.
